
PRESS ANNOUNCEMENT

Jeanneau is unveiling a major new project in its iconic CAP CAMARAT line:
THE CAP CAMARAT 12.5 WA

On the heels of the great international successes of the Cap Camarat 9.0 WA and Cap Camarat 10.5 WA, Jeanneau is further developing the line with a magnificent Cap Camarat 12.5 WA.

The new Cap Camarat 12.5 WA will be presented in its world premier
at the Paris Boat Show in December of 2019.

PRESS ANNOUNCEMENT

Entering the world of extremely luxurious, large outboard day cruisers, the new Cap Camarat 12.5 WA features the following major points:

- Prestigious designers;

the combined talents of **Michael Peters**, who designed the magnificent V-shaped hull, and the **Sarrazin design office**, who imagined a pure design to reinterpret the Cap Camarat signature design, enable this new Cap Camarat 12.5 WA to enter the world of luxury.

- High-level performance;

With a maximum power of **900 HP**, (2 x 450 HP or 3 x 300 HP), and a V-shaped, unstepped hull designed by Michael Peters, one of the world's top specialists, **her performance meets every expectation** (around 50 knots). Initial sea trials confirm high performance and remarkable cruising comfort.

- Generous dimensions;

A maximum length of 11m90 and a maximum width of 3m58 allow for **well-defined living spaces** and **perfect ergonomics** in a new approach to the outboard powerboat.

- Major innovations;

In the Cap Camarat spirit, perfectly balanced living spaces integrate some major innovations. **The forward saloon with facing seating** offers an exceptional additional living space. **The cockpit terrace** is an extraordinary living space at anchor. The **exterior multi-configuration galley** becomes the central point on board.

- Luxurious interiors;

The luxury of space and materials selected further enhance and convey the Cap Camarat spirit. **The full-beam aft cabin**, with a king-size berth and a **separate shower compartment** contribute to the **exceptional comfort** on board. Lastly, **large windows on the sea** open the interior living space to the exterior.

- Fine lineage;

If the Cap Camarat 12.5 WA is entering a whole new world of luxury and performance, she is also carrying on the **Cap Camarat spirit**, which has continued to evolve for over 30 years, yet remains based upon performance at sea, comfort of life on board and innovative layouts.

Discover the new Cap Camarat 12.5 WA at the Paris Boat Show in December of 2019!
